

AD01-01Crosley Stack Mate

Thank you for purchasing the Crosley Stack Mate. The Crosley Stack Mate allows you to stack up to six of your 45 RPM records on your favorite Crosley Stack-O-Matic Record Changer for the ultimate listening experience. Before using, please follow these instructions and retain them for future reference.

1. Place the Stack Mate over the spindle making sure to align the slot in the Stack Mate with the arms on the spindle. The slot should point towards the front, left hand side of the turntable.
2. Press the Stack Mate down to the turntable platter. If it doesn't press down, you may need to turn it slightly to one side or the other to make sure the slot is properly aligned.
3. Place your 45rpm records on the Stack Mate.
Note: Keep the records pulled towards the front, left hand side until you place the tension arm to keep them from falling.
4. Lift the tension arm and place it over the records.
5. Set the Speed Select Switch to 45.
6. Set the Size Select Switch to the correct size.
7. You are now ready to enjoy your 45rpm records. Follow the instructions in the turntable's instruction manual to begin playback.
